review and discussion, accept the auditor report and the findings, and approve the Corrective Action Plan as follows. See Attachments XXVIII5a, XXVIII5b, XXVIII5c, XXVIII5d

a.) Finding 2023-001: The School District's Food Service Fund Net Cash Resources exceeded its three months average expenditures by \$151,759.52.
Corrective Action plan: Items have been purchased out of the cafeteria account, and more items for beautification will be purchased. We will look to make more upgrades in the cafeteria, and have since purchased new equipment, replaced equipment and will look for additional future projects that fiscally make sense.

b.) Finding 2023-002: The School District's reported student counts in multiple categories in the October 2022 DRTRS could not be verified to supporting documents.
Corrective Action plan: Moving forward, the BA will work with auditors to do an annual audit prior to submission. The BA will keep monthly records for all sending districts for transportation purposes.

c.) Finding 2023-003: The School District's workpapers and corresponding documentation for Resident Low Income and Resident LEP Not Low Income did not agree with the submitted A.S.S.A. report. Several students reported as "low income" and receiving free or reduced price meals lacked appropriate qualifying documentation (Free and Reduced Lunch Application or Direct Certification) and were reported in the incorrect category.
Corrective Action plan: With this past year, BA has set up an annual ASSA audit by our auditors prior to submission. This way all items can be corrected prior to submitting.
